Finding Us

Our boat is **docked at Hyatt Regency Mission Bay Marina**, on the bay side of the hotel grounds. The marina walkway is open to the public, and finding us is straightforward.

Once you've parked (see options below), make your way on foot toward the marina. Look for **The Market at Mission Bay** — a small cafe and provisions shop right on the waterfront walkway, easily recognised by the cluster of **brightly coloured chairs and tables** set out in front. One of our crew members will be waiting for you there to greet you and walk you down to the boat.

Where to Park

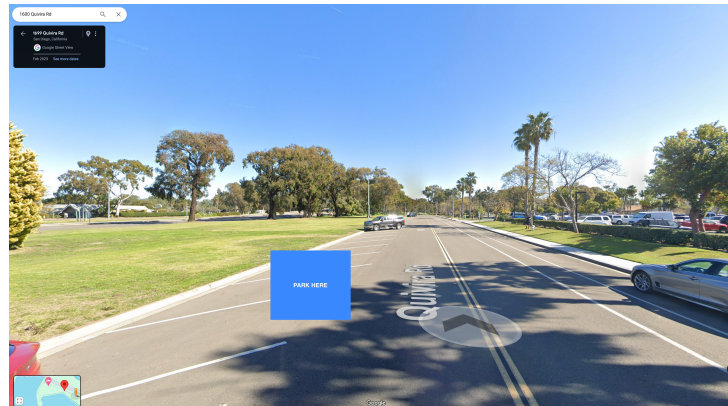

There are two easy ways to park near us. The simplest, and what most of our guests do, is to park off-street for free along Quivira Road and walk the short distance to the cafe. If you'd rather park as close as possible, the

Hyatt's self-parking lot is available for a fee.

Free street parking on Quivira Road Recommended

Park off-street along Quivira Road, then walk west toward the marina — you'll see The Market at Mission Bay on your right, with the coloured chairs out front. The walk takes 2–5 minutes. Spaces are first-come, first-served and tend to fill up on weekends, so please arrive early.

Free | 2–5 minute walk to the cafe

Hyatt Regency Mission Bay self-parking Paid — closest to the cafe

If you'd prefer to park as close as possible, the Hyatt's self-parking lot is right at the hotel entrance at 1441 Quivira Rd. From there it's less than a two-minute walk to The Market. The Hyatt sets the rate and it may change without notice — please check the current price on site.

Approx. \$50/day (subject to change) | Under 2 minute walk to the cafe

Before You Arrive

A few small things make the start of your trip much smoother:

- **Use the restroom before you head down to the dock.** Facilities on board are limited, and there are none at the meeting point.
- **Dress in layers.** The ocean runs 10–15°F cooler than the bay — a windbreaker or light jacket is a good idea even on warm days.
- **Wear flat, non-slip shoes.** Boat decks can be wet. Avoid heels and slick soles.
- **Bring** sunglasses, a hat, sunscreen, and a reusable water bottle. Light snacks welcome.
- **Prone to motion sickness?** Take any preventative medication at least 30 minutes before boarding — it's too late once we're underway.
